Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Applicants' representative was approached for making changes to the claimed invention as to enable the subject matter recited in the independent claims to encompass all the necessary limitations perceived as patentable matter. The representative has concurred with suggestions made by Examiner to add specifics to the limitations in order to impart some relationship or correspondence among them, thereby put forth a more define/focused process as intended by the application. All independent claims have been revised to include one or other forms of the suggestion for changes thus proffered, rendering thereby the invention in much improved condition for allowance..
